Graduates of the department work in all regions of Kazakhstan. Our psychologists work in state security agencies (National Security Committee, Ministry of Defense, Ministry of Internal Affairs), in educational institutions (Ministry of Education and Science, Altynsarin National Academy of Education, Committee for the Protection of Children's Rights of the Ministry of Education and Science of Kazakhstan, international schools: Private British International

School Haileyburys, Nazarbayev Intellectual School, colleges, schools of Nur-Sultan and the Republic, children's educational institutions, health care institutions (hospitals Nur-Sultan, Children's Medical Psychoneurological Institution, Maternity and Childhood Center, rehabilitation centers), state enterprises, institutions and companies (administration of Nur-Sultan Akim), national companies such as JSC «NC «KazakhstanTemirZholy», National Olympic Committee of Kazakhstan and many others.

The psychological science of independent Kazakhstan in the 21st century stands at the origins of its formation and development. Despite this, we all saw the need and demand for highly qualified psychologists during several crisis events taking place in our state and in the world. Our specialists were actively involved in rendering help to victims of explosions in Arys city, during floods in Turkestan region, in implementation of «Zhusan» operation on return and rehabilitation of 595 Kazakhstani people to their homeland from Syria. During the crisis of coronavirus pandemic COVID-19, all psychologists were involved in process of formation of a psychologically stable personality, capable of avoiding stressful situations and defeating the disease.

In the context of the 25th anniversary of L.N. Gumilyov Eurasian National University the psychology department invites all psychologists and psychology students to unite and take an active part in the international conference «New living conditions in the situation of search of meaning of existence of personality of XXI century».
